Commissioning Sequence

Before using the soap dispenser for the first time, the following sequence must be carried out.

- Fill the bottle full of soap.

- Locate the dispense button on the side of the pump. Press and hold the button until soap is dispensed from the spout. This will ensure the dispenser tube and cable are full of soap.

Operation

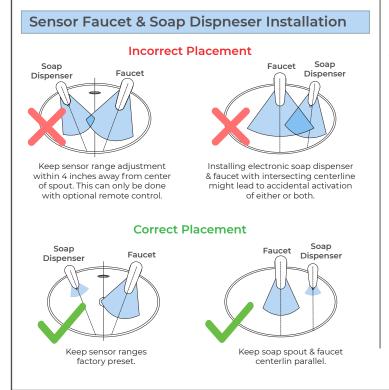

Place your hand under the spout within the sensing range.

Once the your hand is detected, a small amount of soap will be dispensed from the spout into your hand.

General Information

Our sensor spouts have a non-touch control which uses infrared sensing technology to detect human presence. Once detected, the spout instantly dispenses soap and automatically stops once the user moves their hands away to eliminate unnecessary soap wastage, whilst creating a more hygienic washroom solution.

All products manufactured and supplied by Fontana are safe and comply to legislative requirements. Providing they are installed correctly and receive regular maintenance in accordance with these instructions your user experience will not be affected.

Care & Cleaning

• Always wipe your fixture down with a soft cloth after each use to prevent mineral build-up and water-spotting. Should spotting occur, remove water spots with warm water and a soft, damp cloth.

 \cdot Wipe away any debris adhering to the spout or sensor.

• Wipe away debris with a damp cloth containing a suitable amount of a neutral, dishwashing detergent. Then wipe clean with a damp cloth.

• When cleaning around the sensor, please be careful not to scratch the surface of the sensor window.

 \cdot Do not use detergent that might damage the surface of spout. These include:

- Detergents containing acid, chlorine bleach or alkali.

- Detergents that are coarse granules in nature, such as polishing powder.

- Solvents such as paint thinner or benzene.

- Abrasive aids such as nylon scrubbers/brushes, steel wool, etc.

The proximity sensor faucet removes the need to touch the faucet body, reducing the spread of germs and the chance of cross-contamination.
